The popularity of collecting bank notes or Notaphily has become more and more popular and here at Special Auction Services we have seen the rise in prices over the years. We are delighted to be able to offer a very important collection to the market later this year. It is dedicated to one of the artists who worked for Bradbury Wilkinson from the 1950s called Derek Friday. Derek left the RAF and trained as an apprentice in the design department and eventually designed some very interesting bank notes. Keep an eye on our website and newsletters for updates.
